Paretsky says of her Warshawski: "I was troubled by the way women were portrayed in (detective fiction) they always seemed either evil or powerless. I thought it was time for a tough, smart, likeable female private investigator".

Kathleen Turner also starred in the same role in the 1991 film 'VI Warshawski'.

Episode 3

With the planetary decontaminationists on the run, Arnold's apologetic call for melting Earth is traced.

Stephen Hawking once warned us that our species could soon be wiped out by plagues, asteroids and our tendency to destroy ourselves. The solution, he suggested, was for us to colonise other planets. But Chris Lerner and David Gilbert's sci-fi comedy sees the truth as a little more complicated.

The Laxian Key shows how, as soon as Man steps onto another planet, he promptly fouls it up just as he did earth. The heroes of this wonderfully wacky tale are two interplanetary decontaminationists.
